Dec. 8. Morning. **Morgen.**

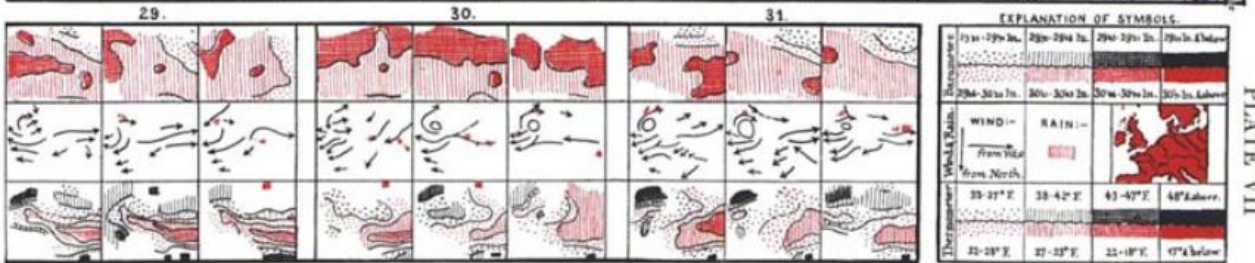

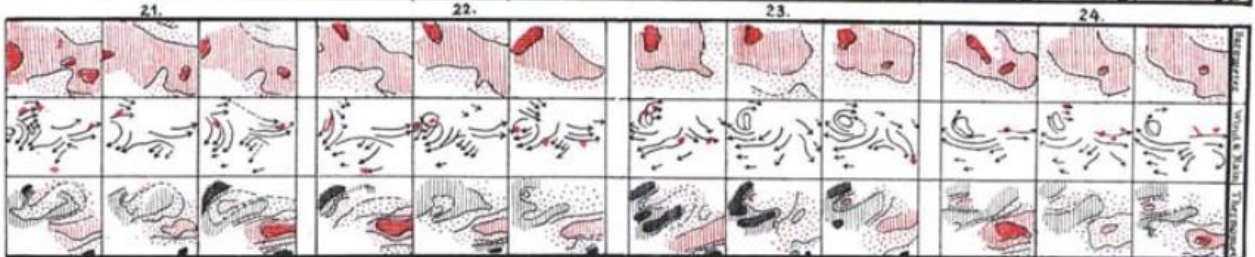

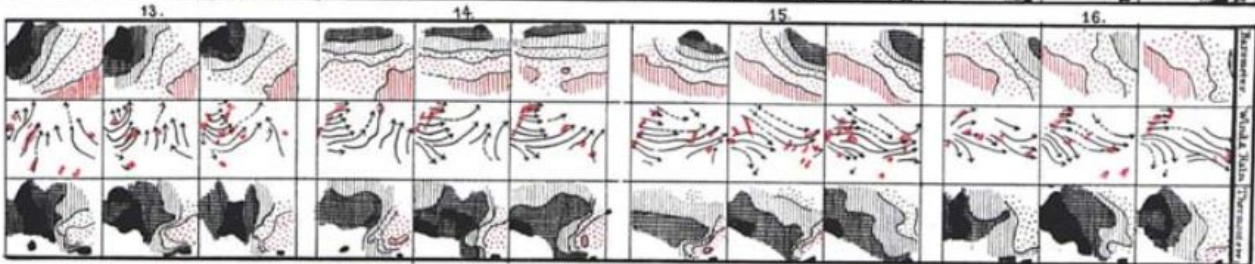

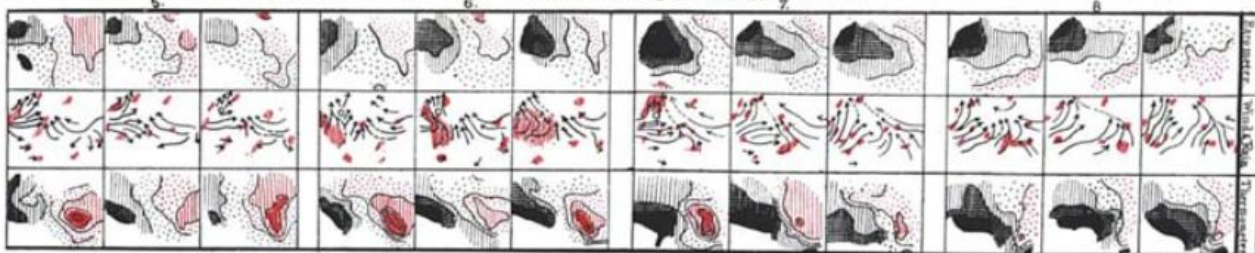

Afternoon. **Nachmittag.**

Evening. **Abend. Dec. 8.**

AFTERNOON AND EVENING ON EACH DAY DURING DECEMBER, 1861.

EXPLANATION OF SYMBOLS.

Barometer	29.95 - 29.99 In.	29.90 - 29.94 In.	29.85 - 29.89 In.	29.80 In. & below
Wind & Rain	<div> <div></div> <div>from West</div> </div>	<div> <div></div> <div>from North</div> </div>	<div> <div></div> <div>from East</div> </div>	<div> <div></div> <div>from South</div> </div>
Thermometer	33 - 37° F.	38 - 42° F.	43 - 47° F.	48° & above.
Barometer	29.85 - 29.89 In.	29.80 - 29.84 In.	29.75 - 29.79 In.	29.70 In. & below
Wind & Rain	<div> <div></div> <div>from West</div> </div>	<div> <div></div> <div>from North</div> </div>	<div> <div></div> <div>from East</div> </div>	<div> <div></div> <div>from South</div> </div>
Thermometer	33 - 37° F.	38 - 42° F.	43 - 47° F.	48° & above.
Barometer	29.75 - 29.79 In.	29.70 - 29.74 In.	29.65 - 29.69 In.	29.60 In. & below
Wind & Rain	<div> <div></div> <div>from West</div> </div>	<div> <div></div> <div>from North</div> </div>	<div> <div></div> <div>from East</div> </div>	<div> <div></div> <div>from South</div> </div>
Thermometer	33 - 37° F.	38 - 42° F.	43 - 47° F.	48° & above.
Barometer	29.65 - 29.69 In.	29.60 - 29.64 In.	29.55 - 29.59 In.	29.50 In. & below
Wind & Rain	<div> <div></div> <div>from West</div> </div>	<div> <div></div> <div>from North</div> </div>	<div> <div></div> <div>from East</div> </div>	<div> <div></div> <div>from South</div> </div>
Thermometer	33 - 37° F.	38 - 42° F.	43 - 47° F.	48° & above.

PLATE VII

EXPLANATION OF SYMBOLS.

Barometer	29.95 - 29.99 In.	29.90 - 29.94 In.	29.85 - 29.89 In.	29.80 In. & below
Wind & Rain	<div> <div></div> <div>from West</div> </div>	<div> <div></div> <div>from North</div> </div>	<div> <div></div> <div>from East</div> </div>	<div> <div></div> <div>from South</div> </div>
Thermometer	33 - 37° F.	38 - 42° F.	43 - 47° F.	48° & above.
Barometer	29.85 - 29.89 In.	29.80 - 29.84 In.	29.75 - 29.79 In.	29.70 In. & below
Wind & Rain	<div> <div></div> <div>from West</div> </div>	<div> <div></div> <div>from North</div> </div>	<div> <div></div> <div>from East</div> </div>	<div> <div></div> <div>from South</div> </div>
Thermometer	33 - 37° F.	38 - 42° F.	43 - 47° F.	48° & above.
Barometer	29.75 - 29.79 In.	29.70 - 29.74 In.	29.65 - 29.69 In.	29.60 In. & below
Wind & Rain	<div> <div></div> <div>from West</div> </div>	<div> <div></div> <div>from North</div> </div>	<div> <div></div> <div>from East</div> </div>	<div> <div></div> <div>from South</div> </div>
Thermometer	33 - 37° F.	38 - 42° F.	43 - 47° F.	48° & above.
Barometer	29.65 - 29.69 In.	29.60 - 29.64 In.	29.55 - 29.59 In.	29.50 In. & below
Wind & Rain	<div> <div></div> <div>from West</div> </div>	<div> <div></div> <div>from North</div> </div>	<div> <div></div> <div>from East</div> </div>	<div> <div></div> <div>from South</div> </div>
Thermometer	33 - 37° F.	38 - 42° F.	43 - 47° F.	48° & above.

When lists of observations are printed in line and column, they are in too crude a state for employment in weather investigations; after their contents have been sorted into Charts, it becomes possible to comprehend them; but it requires meterographic Maps to make their meaning apparent at a glance.

—Galton (1861)
